*Please note that Canvas will be used on occasion, or in the case of absences

Homework, Classwork, Late Work, & Grading Scales

Many times homework will be studying for a quiz or test- this is just as important as written work! Any work you do not complete during class will become homework. If you

use your time wisely, you will be able to finish most assignments in class.

- For the Late Work Policy please see page 10 in the student handbook
- For grading scales, please see page 9 in the student handbook

Absences

It is your responsibility to get any assignments or notes you missed during any absence. These will be located in the Absent folder in the classroom
