

Madison County High School

Spring 2023 Plant Catalog

Created By: Introduction to Plant Systems

Opening Day **May 1, 2023**

(Open to the public)

- ★ **MadCo & Grow is a student-run greenhouse**
- ★ **Prices may vary based on quality**
- ★ **There is always loss in greenhouses which means things may be on the catalog but not available opening day.**

Geranium (Dark Red)

4 inch pots \$4

Scientific Name : Pelargonium

Common Name : Geranium

**Blooming Season : Early Spring
through Frost**

Plant Habit : Mounded

Spacing : 8 to 10 Inches

Height : 4"

Width : 6"

Exposure : Full Sun

Geranium (Dark Pink)

4 inch pots \$4

Scientific Name : Pelargonium

Common Name : Geranium

**Blooming Season : Early Spring
through Frost**

Plant Habit : Mounded

Spacing : 8 to 10 Inches

Height : 4"

Width : 6"

Exposure : Full Sun

Geranium (Pink Flame)

4 inch pots \$4

Scientific Name : Pelargonium

Common Name : Geranium

**Blooming Season : Early Spring
through Frost**

Plant Habit : Mounded

Spacing : 8 to 10 Inches

Height : 4"

Width : 6"

Exposure : Full Sun

Begonia Cocktail Tequila
Full Flats \$15 & 4 Packs \$2

Scientific Name : Begonia semperflorens

Common Name : Begonia Cocktail

Tequila

**Blooming Season : Early summer
through Frost**

Plant Habit : Upright

Spacing: 12 to 15 Inches

Height : 12 to 15 inches

Width: 15-28 Inches

Exposure : shade/sun

Petunia (Easy Wave Blue)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Salvia farinacea

Common Name : Easy wave petunia blue

Blooming Season : Spring, Summer

Plant Habitat : Landscapes or containers

Spacing : 10 -15"

Height : 6-12"

Width : 30-40"

Exposure : sun

Petunia (South Beach)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Petunia x hybrida

**Common Name : Easy wave petunia
south beach mix**

Blooming Season : Spring, Summer

Plant Habitat : Landscapes or containers

Spacing : 10 -15"

Height : 6-12"

Width : 30-39"

Exposure : sun

Petunia (Silver)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Petunia hybrida

Common Name : Silver Petunia

Blooming Season : Spring, Summer

Plant Habitat : Landscapes or containers

Spacing : 10 -15''

Height : 6-12''

Width : 30-39''

Exposure : sun

Burgundy Petunia
Full Flats \$15 & 4 Packs \$2

<https://www.lucasgreenhouses.com/plant/Petunia-hybrida-Sanguna-Burgundy>

Scientific Name: (Easy Wave Velour Burgundy.)

Common Name: (Petunia Burgundy.)

Plant Habitat: (dry prairie, fields, meadows.)

Spacing: (Approximately 20 feet apart.)

Height: (10-14 inches.)

Width: (20-24.)

Exposure: (Petunias need about 5 to 6 hours of sunlight.)

Petunias (Yellow)
Full Flats \$15 & 4 Packs \$2

<https://surfinia-official.com/product/surfinia-yellow/>

Scientific name: (Petunia x hybrid.)

Common name: (Single Floribunda Petunia.)

Blooming season: (Spring, Late Spring, Summer, Late Summer.)

Plant Habit: (Dry fields, meadows, sandy soil, woodlands.)

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm))

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours.)

Petunias (Grand Midnight)
Full Flats \$15 & 4 Packs \$2

Scientific name: (Petunia x hybrid.)

Common name: (Single Floribunda Petunia.)

Blooming season: (Spring, Late Spring, Summer, Late Summer.)

Plant Habit: (Dry fields, meadows, sandy soil, woodlands.)

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm))

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours.)

Petunias (Grand White)
Full Flats \$15 & 4 Packs \$2

Scientific name: (Petunia x hybrid.)

**Common name: (Single Floribunda
Petunia.)**

**Blooming season: (Spring, Late Spring,
Summer, Late Summer.)**

**Plant Habit: (Dry fields, meddows, sandy
soil, woodlands.)**

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm))

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours.)

Petunias (Prism Sunshine)
Full Flats \$15 & 4 Packs \$2

Scientific name: (Petunia x hybrid.)

Common name: (Single Floribunda Petunia.)

Blooming season: (Spring, Late Spring, Summer, Late Summer.)

Plant Habit: (Dry fields, meadows, sandy soil, woodlands.)

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm))

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours.)

Hypoestes (Confetti Compact Mix)

4 Packs \$2 & 4 Inch Pots \$4

**Scientific name: Hypoestes
phyllostachya**

Common name: Hypoestes

Blooming season: Summer

Plant Habit: Upright

Spacing: 10-12 inches

Height: 4-6 inches

Width: 4-6 inches

Exposure: Shade, Sun

Marigolds (Strawberry Blonde)
Full Flats \$15 & 4 Packs \$2

Scientific name: Tagetes erecta

**Common name: Strawberry Blonde
Marigolds**

**Blooming season: Early Summer to
Frost**

Plant Habit: Upright

Spacing: 8-10 inches

Height: 6 inches

Width: 6 inches

Exposure: Full Sun

Vinca Core Classic Red
Full Flats \$15 & 4 Packs \$2

**Scientific Name: vinca catharanthus
roseus**

Common Name: periwinkle

Blooming Season: summer mid fall

Plant Habitat: full sun for 8 hours

Plant Spacing: 22 to 25 inches

Height: 14 inches

Width: 12 - 16 inches

Exposure: Sun

Vinca Cora XDR Hotgenta
Full Flats \$15 & 4 Packs \$2

Scientific Name: Catharanthus

Common Name: Vinca

Blooming season: Spring, Summer

Plant habitat: Containers, pots

Spacing: 12-18"

height: 14- 16"

Width: 18-20"

Exposure: Sun

Coleus (Kong Mix Empire)

4 Inch pots \$4

**Scientific Name: Solenostemon
scutellarioides**

Common Name: Coleus

Blooming season: Spring, Fall

Plant habitat: Containers, pots

Spacing: 12-18"

height: 6 inches to 3.5 feet

Width: 1 to 3ft

Exposure: Direct Sun

Ageratum (Aloha Blue)
4 Inch pots \$4 & Planters

**Scientific Name : Ageratum
houstonianum**

Common Name : Ageratum (Aloha Blue)

**Blooming Season : Summer - Early
Autumn**

Plant Habitat : Pots

Spacing : 6-12 inches

Height : 6 inches tall

Width: 6-8 inches

Exposure : Full sun to partial shade

Alyssum (Cir Crystal White)

Flats \$15 & 4 Packs \$2

Scientific Name : Lobularia maritima

Common Name : Alyssum

Blooming Season : June to October

Plant Habitat : Pots, Basket

Spacing : 2 inches

Height : 3-9 inches

Width: 24 - 36 inches

Exposure : Full sun to partial shade

Impatiens (Blue Pearl) Full
Flats \$15 & 4 Packs \$2

Scientific Name : Impatiens walleriana

Common Name : Impatiens

Blooming Season : Spring-Fall

Plant Habitat : Pots

Spacing : 12 inches

Height : 10-16 inches

Width: 10 -15 inches

Exposure: Partial Shade

Impatiens (Pink Flame)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Impatiens walleriana

Common Name : Impatiens

Blooming Season : Spring-Fall

Plant Habitat : Pots

Spacing : 12 inches

Height : 10-16 inches

Width: 10 -15 inches

Exposure: Partial Shade

Impatiens (Red)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Impatiens walleriana

Common Name : Impatiens

Blooming Season : Spring-Fall

Plant Habitat : Pots

Spacing : 12 inches

Height : 10-16 inches

Width: 10 -15 inches

Exposure: Partial Shade

Impatiens (Violet)
Full Flats \$15 & 4 Packs \$2

Scientific Name : Impatiens walleriana

Common Name : Impatiens

Blooming Season : Spring-Fall

Plant Habitat : Pots

Spacing : 12 inches

Height : 10-16 inches

Width: 10 -15 inches

Exposure: Partial Shade

Impatiens (White)

Full Flats \$15 & 4 Packs \$2

Scientific Name : Impatiens walleriana

Common Name : Impatiens

Blooming Season : Spring-Fall

Plant Habitat : Pots

Spacing : 12 inches

Height : 10-16 inches

Width: 10 -15 inches

Exposure: Partial Shade

Marigold African Deep Orange
Full Flats \$15 & 4 Packs \$2

Scientific Name : Tagetes erecta Linn

Common Name : Marigolds

Blooming Season : Early summer

Plant Habitat : Pots

Spacing : 10-12 inches

Height : 6 to 24 inches

Width: 6 to 18 inches

Exposure: Full Sun

Marigolds African Yello
Full Flats \$15 & 4 Packs \$2

Scientific Name : Tagetes erecta Linn

Common Name : Marigolds

Blooming Season : Early summer

Plant Habitat : Pots

Spacing : 10-12 inches

Height : 6 to 24 inches

Width: 6 to 18 inches

Exposure: Full Sun

Marigolds French Orange
Full Flats \$15 & 4 Packs \$2

Scientific Name : Tagetes erecta Linn

Common Name : Marigolds

Blooming Season : Early summer

Plant Habitat : Pots

Spacing : 10-12 inches

Height : 6 to 24 inches

Width: 6 to 18 inches

Exposure: Full Sun

Salvia Summer Jewel Red
Full Flats \$15 & 4 Packs \$2

Scientific Name : Salvia officinalis

Common Name : Salvia

Blooming Season : Late spring to early summer

Plant Habitat : Well drained soil

Spacing : 1 to 3 feet

Height : 12 to 24 inches

Width: 12 inches

Exposure: Full sun

Salvia Red Hot Sally
Full Flats \$15 & 4 Packs \$2

Scientific Name : Salvia officinalis

Common Name : Salvia

Blooming Season : Late spring to early summer

Plant Habitat : Well drained soil

Spacing : 1 to 3 feet

Height : 12 to 24 inches

Width: 12 inches

Exposure: Full sun

Zinnia (Profusion Mix) Full
Flats \$15 or 4 Packs \$2

Scientific Name : Zinnia elegans

Common Name : Salvia

**Blooming Season : Mid-Summer until
frost**

Plant Habitat : Pots

Spacing : 12 inches

Height : 6-12 inches

Width: 2 inches

Exposure: Full sun

Cosmos (Sensation Mix)
Full Flats \$15 or 4 Packs \$2

Scientific Name : Cosmos bipinnatus

Common Name : Cosmos

Blooming Season : Early Summer

Plant Habitat : Pots & Planters

Spacing : 12 to 18 inches

Height : 1 to 2 ft

Width: 2 to 3 ft

Exposure: Full sun

Celosia Fresh Look Mix
Full Flats \$15 or 4 Packs \$2

Scientific Name : Celosia argentea

Common Name : Celosia

**Blooming Season : Late Summer Early
Autumn**

Plant Habitat : Pots & Planters

Spacing : 8-12 inches

Height : 6 to 12 inches

Width: 6 to 18 inches

Exposure: Full sun

Salute Combo

Hanging Baskets \$15/Each or 2 for \$25

Common Name : Petunia (Red, White, & Blue)

Blooming season: (Spring, Late Spring, Summer, Late Summer.)

Plant Habit: Hanging Baskets

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm)

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours of sun)

Sunshine Storm Combo
Hanging Baskets \$15/each or 2 for \$25

Common Name : Yellow Crown Bidens & Easy Wave Blue petunia combo mix

Blooming season: (Spring, Late Spring, Summer, Late Summer.)

Plant Habit: Hanging Baskets

Spacing: (8 - 10.)

Height: (6-12 in. tall (15-30 cm))

Width: (1 to 1½ inches.)

Exposure: (5 or 6 hours of sun)

Larkspur (Giant Imperial Blue Spire)

Full Flats \$15 & 4 packs \$2

Scientific Name : Delphinium spp.

Common Name : Larkspur

Blooming Season : Early fall until first frost

Plant Habitat : Well drained, gravelly soil

Spacing : 12 inches

Height : 36 inches

Exposure : Full sun

Black Eyed Susan

4 packs \$2

Scientific name: (Rudbeckia Hirta.)

Common name: (Black - Eyed Susan Daisy.)

Blooming season: (June to August.)

Plant Habitat: (fields and meadows.)

Spacing: (18' apart.)

Height: (12-36".)

Width: (2 to 3 inches.)

Exposure: (Full sun to partial shade.)

Tiger Fern

Hanging Baskets \$15/Each or 2 for \$25

Scientific Name : Nephrolepis exa

Common Name : Tiger fern

Blooming Season : Year round

Plant Habitat : humid

Spacing : 3'

Height : 2'

Exposure : 70-85%

Crassula Campfire
4 Inch Colorful Pots \$4

Scientific Name : Crassula capitella
Common Name : Crassula Campfire
Blooming Season : Through summer
Plant Habitat : Hot climates
Spacing : 36 inches
Height : 6 inches
Exposure : Full sunlight

Fishbone Cactus
4 Inch Colorful Pots \$4

Scientific Name : Epiphyllum angul

Common Name : Fishbone Cactus

Blooming Season : Late summer, fall

Plant Habitat : Hot climate

Spacing : 36 inches

Height : 6 inches

Exposure : Partial

Sempervivum Mixed Succulents
4 Inch Colorful Pots \$4

Scientific Name : Sempervivum tectorum

**Common Name : Sempervivum Mixed
Succulents**

Blooming Season :

Plant Habitat :

Spacing : 36 inches

Height : 6 inches

Exposure : Partial sun

Hungarian cheese mix peppers

4 Inch Pots \$2

Scientific name: (capsicum annuum.)

Common name: (Hungarian Pepper)

Blooming season: (Early summer.)

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

Spacing: (18in apart.)

Height: (3-3-½ ft tall.)

Width: (diameter usually 2-4 inches.)

Exposure: (6-8 hrs direct sunlight)

Golden Calwonder Pepper
4 Inch pots \$2

Scientific name: Capsicum annuum

Common name: Pepper

Blooming season: Early summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

Spacing: (18in apart.)

Height: (3-3-½ ft tall.)

Width: (diameter usually 2-4 inches.)

Exposure: (6-8 hrs direct sunlight)

Big Red Sweet Pepper
4 inch pots \$2

Scientific name: Capsicum annuum

Common name: Pepper

Blooming season: Early summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

Spacing: (18in apart.)

Height: (3-3-½ ft tall.)

Width: (diameter usually 2-4 inches.)

Exposure: (6-8 hrs direct sunlight)

Sweet Banana Pepper
4 Inch pots \$2

Scientific name: Capsicum annuum

Common name: Pepper

Blooming season: Early summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

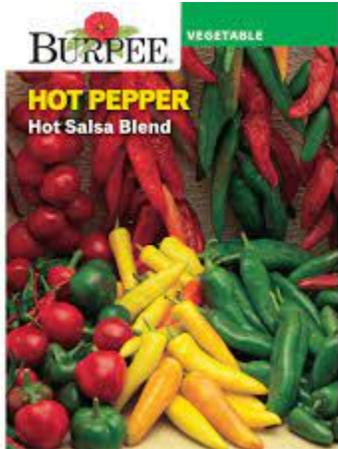

Spacing: (18in apart.)

Height: (3-3-½ ft tall.)

Width: (diameter usually 2-4 inches.)

Exposure: (6-8 hrs direct sunlight)

Hot Salsa Blend Pepper
4 Inch pots \$2

Scientific name: Capsicum annuum

Common name: Pepper

Blooming season: Early summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: (18in apart.)

Height: (3-3-½ ft tall.)

Width: (diameter usually 2-4 inches.)

Exposure: (6-8 hrs direct sunlight)

Tomato (Super Steak Hybrid)

4 Inch pots \$2

Scientific name: Solanum lycopersicum

Common name: Tomato

Blooming season: Summer

**Plant Habit: (In raised beds, containers,
and well drained gardens.)**

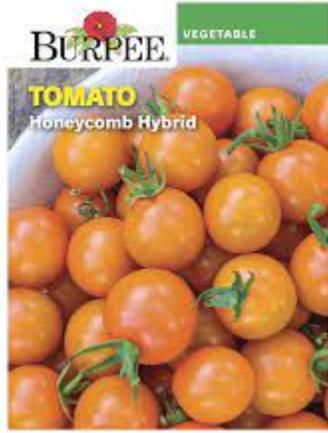

Spacing: 2 feet apart

Height: (2 to 3 feet)

Width: (24 to 36 inches)

Exposure: (6-8 hrs direct sunlight)

Tomato (Honeycomb Hybrid)
4 Inch Pots \$2

Scientific name: Solanum lycopersicum

Common name: Tomato

Blooming season: Summer

**Plant Habit: (In raised beds, containers,
and well drained gardens.)**

Spacing: 2 feet apart

Height: (2 to 3 feet)

Width: (24 to 36 inches)

Exposure: (6-8 hrs direct sunlight)

Tomato (Roma)

4 Inch pots \$2

Scientific name: Solanum lycopersicum

Common name: Tomato

Blooming season: Summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 2 feet apart

Height: (2 to 3 feet)

Width: (24 to 36 inches)

Exposure: (6-8 hrs direct sunlight)

Tomato (Better Boy Hybrid)

4 Inch pots \$2

Scientific name: Solanum lycopersicum

Common name: Tomato

Blooming season: Summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 2 feet apart

Height: (2 to 3 feet)

Width: (24 to 36 inches)

Exposure: (6-8 hrs direct sunlight)

Cucumbers
4 Inch pots \$2

Scientific name: Cucumis sativus L.

Common name: Cucumber

Blooming season: Summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

**Spacing: 36 to 60 inches apart Height:
(3-12 inches)**

Width: (10 feet)

Exposure: (6-8 hrs direct sunlight)

Fordhook Zucchini

4 Inch pots \$2

Scientific name: Cucurbita pepo

Common name: Zucchini

Blooming season: Summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 36 to 60 inches apart Height: (3-12 inches)

Width: (10 feet)

Exposure: (6-8 hrs direct sunlight)

Garlic

4 Inch pots \$2

Scientific name: Allium sativum

Common name: Garlic

Blooming season: Mid September

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 6 inches apart

Height: (18-24 Inches)

Width: (1.92 - 2.91Inches)

Exposure: Full Sun

Basil
\$1 Per Pack

Scientific name: Ocimum basilicum

Common name: Basil

Blooming season: Summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

**Spacing: 24 to 36 inches apart Height:
(8-12 inches)**

Width: (8-12 inches)

Exposure: (6-8 hrs sunlight)

Thyme
\$1 Per Pack

Scientific name: Thymus vulgaris

Common name: Thyme

Blooming season: Summer

**Plant Habit: (In raised
beds, containers, and well drained
gardens.)**

**Spacing: 24 to 36 inches apart Height:
(8-12 inches)**

Width: (8-12 inches)

Exposure: (6-8 hrs sunlight)

Parsley
\$1 Per Pack

Scientific name: Thymus vulgaris

Common name: Thyme

Blooming season: Summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 24 to 36 inches apart Height: (8-12 inches)

Width: (8-12 inches)

Exposure: (6-8 hrs sunlight)

Cilantro
\$1 Per Pack

Scientific name: Coriandrum sativum

Common name: Cilantro

Blooming season: Summer

Plant Habit: (In raised beds, containers, and well drained gardens.)

Spacing: 24 to 36 inches apart Height: (8-12 inches)

Width: (8-12 inches)

Exposure: (6-8 hrs sunlight)
